WHO WILL SUCCEED CARUSO?—Authorities of the musical world agree that no one can fill the place in opera left by Enrico Caruso, greatest tenor the world has ever seen. Doctors say Caruso can never sing in opera again, even if he wins his brave fight with death. Who will succeed him as the leading operatic tenor? Grouped about him here are five who are mentioned. Edward Johnson (left above) and Charles Marshall (lower right) are American; Giovanni Martinelli (lower left) is Italian; Lucien Muratore (center) is French; Hipolito Lazara (right above) is Spanish. **11**

Finance and Markets

NEW YORK, Feb. 26.—The variable gains registered in today's short stock market session were largely the result of short covering induced somewhat by the more favorable tenor of developments.

Advances, insofar as they dealt with industrial and commercial conditions, indicated a slow but steady restoration of confidence, but there were no signs of any pronounced easement of money rates.

Gains of one to three points were registered by the popular industrials, such as minor steels, motors and their specialties, tobacco, textiles and about a score of unclassified issues, including International Paper and Industrial Alcohol.

Selling for profits caused nominal recessions in the final dealings, but the net result again suggested an over-optimistic of the bear position. The few exceptions to the recovery were among rails and shippings. Sales \$25,000.

A fair amount of business was done in bonds, but those issues, including the Liberty division and recent international flotations were mostly irregular. Total sales, par value, \$6,150,000.

Changes in the clearing house statement were unimportant, actual loans and discounts showing the nominal contraction of about \$2,500,000 and excess reserves expanding by a little more than \$2,400,000. The one noteworthy item was a decrease of \$24,233,000 in demand deposits.

The foreign exchange market was in deadlock, that condition being attributed by dealers to uncertainty in connection with next week's conferences in London.

CHICAGO, Feb. 26.—CATTLE: Receipts, 500; compared with week ago: Beef steers steady to 25 cents higher; butcher cows and heifers 25 to 50 cents higher; calves mostly 50 cents higher; veal calves mostly 1 1/2 higher; spots up more; stockers and feeders 25c higher; HOGS—Receipts, 5,000; active, 15 to 25c higher than yesterday's average; spots more; closing strong; top, \$10.75; bulk, 200 pounds up, \$9.50 to \$10.75; bulk, 250 pounds up, \$9.50 to \$10.75; pig steady to higher.

SHEEP—Receipts, 10,000; including 7,000 direct; few sales steady with Friday. Compared with week ago: Handy weight fat lambs, \$1.50 to \$1.75 higher; sheep yearlings and heavy lambs, \$2 to \$2.25 higher; spots up more; feeder lambs 1 1/2 higher.

KANSAS CITY, Feb. 26.—CATTLE: Receipts, 400; for week: Beef steers, stockers, feeders and better grade steers 25 to 50c higher; cutters and common steers 25c higher; calves mostly 1 1/2 higher; stock calves 50c to 75c higher; stock cows and heifers steady to 25c higher.

HOGS—Receipts, 900; generally 10 to 15c higher than yesterday's average; sales include only medium weight and mixed droves; \$9.70 paid for 225 pound hogs, no lights offered.

SHEEP—Receipts, 150; for week: Sheep and yearlings around \$1.50 higher; lambs, \$2.50 to \$3 higher.

DENVER, Feb. 26.—CATTLE: Receipts, 100; market steady; beef steers \$7.00 to \$9.25; cows and heifers, \$5.00 to \$5.50; calves, \$9.00 to \$11.50; stockers and feeders, \$5.00 to \$7.50.

HOGS—Receipts, 150; market 10c to 15c higher; top, \$9.50; bulk, \$8.40 to \$7.75.

SHEEP—Receipts, 1,600; market stronger. Lambs, \$9.00 to \$10.00; ewes, \$4.25 to \$5.25.

CHICAGO EXCHANGE

CHICAGO, Feb. 26.—Wheat was active at the start today, the May delivery showing early strength, but prices fell in practically all sections. After start, general selling on the advance. There was some talk of a minimum export price being placed on Argentine wheat and country offerings to arrive were small in practically all sections. After start, the May delivery was higher, with March at \$1.63 to \$1.65 and May at \$1.57 to \$1.59, a reaction set in and carried prices below yesterday's finish.

Corn receipts were larger than expected and after a firm start it eased off on general selling. Messages from scattered points indicate that farmers are not selling. Initial quotations, which were 1/2c higher to 1/2c lower with May 70 to 70 1/2c, were followed by moderate declines.

Cuts showed strength at the start, but eased off with other cereals. After starting unchanged to 1/2c higher, with May 45c, the market sagged.

Higher prices for hogs gave strength to provisions.

CLEARING HOUSE REPORT

NEW YORK, Feb. 26.—The actual condition of clearing house banks and trust companies for the week shows that they held \$14,340,980 in excess of legal requirements. This is an increase of \$2,618,610 from last week.

It is a nut, yet when it falls from the tree it is wrapped up in its shell an unalterable resolution to produce an oak tree.

It is a nut, but it needs only the environments of earth, warmth and moisture to accomplish its job.

It is a nut, but it never produces a string bean vine, a lemon tree or a huckleberry bush. (The Alkali Tree of S. S. Arkansas.)
